

The Incredible Surplus Newsletter

Feb 2022

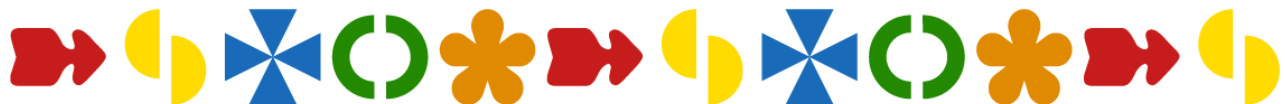

Thank you to all Donors, Volunteers, & Supporters!

It's been another record-breaking year at Incredible Surplus! We've gone from strength to strength, despite the challenges the pandemic has brought.

The BIG news this year was thanks to funding from the Waste and Resources Action Programme (WRAP), we were able to install a walk-in chiller unit at our Sharehouse, and buy a refrigerated van to transport chilled food safely.

This has enabled us to rescue EVEN MORE surplus than before!

2021 Statistics:

We received **1,088,748 kg** of goods (**20.9 tonnes/week!**), donated by **155 different businesses**, with our amazing volunteers averaging **31 collections each week**.

With this, we supported **192,824 people** with food, with the help of **44 partner organisations**, and **8,343 people** with non-food items, helped by **61 partners!**

#SharingIsCaring

Everything we do is Pay As You Feel; anyone can eat and shop with us for a donation, or by volunteering time or skills. No one is turned away. Thanks for your support.
